

## SHIRE LIBRARIES OFFER AN ONLINE COMPANION FOR HSC STUDENTS

As further support for students working towards their HSC, Bellingen Shire Libraries have subscribed to HSC Study Lab – an interactive online resource for revision and exam preparation.

HSC Study Lab applies a new delivery method for the existing HSC curriculum presented on an innovative platform that features video lessons, simulations, interactive activities to explain concepts and HSC-style practice questions. All content is produced by experienced year 11 and 12 teachers and markers of official year 12 exams.

HSC Study Lab is produced through the Macquarie University and currently has over 4,000 users across NSW.

According to Council's General Manager, Liz Jeremy, "HSC Study Lab was added to our suite of web-based resources as it has proven to help students across the State. It ticks many boxes required by students including the ability to access it on any device and the comprehensive coverage of the NSW syllabus. The interactive and engaging material makes the resource an easier way to sift through content-heavy subjects such as biology and chemistry."

In addition to the HSC print collection available through all Shire Libraries, your library is doing its best to support local young people to do their best in the exams and help kick-start their future.

Students who are members of the Clarence Regional Libraries can access this innovative study companion by visiting the Library website [www.crl.nsw.gov.au](http://www.crl.nsw.gov.au) and clicking on the HSC resources link. Alternatively students can ask the staff at their local library to assist with accessing the material.
