- support your library

our purpose

the clarence regional library service aims to provide: a contemporary, welcoming, responsive and inclusively free service to the libraries of the clarence valley. our library - but more importantly *your library* - is sustainable, equitable and accessible and will only continue to grow and evolve with the support of it's community.

by supporting your library you are supporting your community.

our vision

your library strives to be a recognised and valued provider of services, collections and programs that help build community cohesion and capacity. our goal has also always been about connecting the local community to the world.

clarence regional library has deductible gift recipient status with the australian taxation office which means it can receive tax deductible gifts.

financial gifts and donations help make a difference to our library service; they can add extra or new technology or a new service; provide money for special projects such as new collections or additional funds for current collections.

"the three most important documents a free society gives are a birth certificate, a passport, and a library card."

- e. i. doctorow (author)

"libraries store the energy that fuels the imagination. They open up windows to the world and inspire us to explore and achieve, and contribute to improving our quality of life. libraries change lives for the better."

- sidney sheldon (author)
